

# GRC Implementation

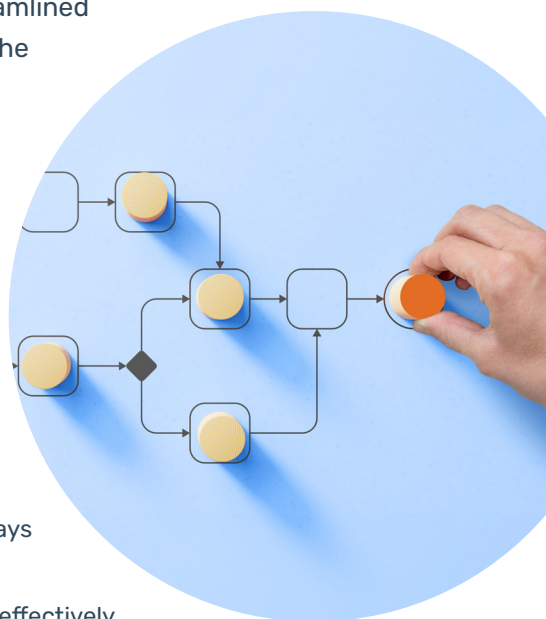

Setting up a Governance, Risk, and Compliance (GRC) platform doesn't have to be a hassle. We've got you covered from start to finish, custom-tailoring the platform to your InfoSec needs. Our experts handle everything—configuring your risk register, setting up integrations, loading policies, and more. The result? A streamlined system that makes compliance a breeze, cuts down on risks, and keeps your security program running smoothly. Trust INT to make GRC implementation a walk in the park, so you can stay focused on what really matters—your business.

## Your GRC Success Partner

Think of us as your dedicated GRC implementation partner. We take the time to understand your organization's requirements and challenges, configuring the platform to create a powerful, streamlined system. With INT at your side, you can navigate the complexities of GRC without the stress—only straightforward solutions that keep your InfoSec program running smoothly.

### What to Expect From Our GRC Implementation Service:

- **Tailored Setup:** We'll start with a deep-dive into your current processes, systems, and objectives to ensure that your GRC integrates with existing workflows and aligns with your compliance goals.
- **Policy Audit & Upload:** We'll audit your existing policies and then upload them to the platform to ensure everything's in one place and ready to roll for your next audit.
- **Risk Register Configuration:** We'll set up your risk register to anticipate and track potential threats.
- **Smooth Integrations:** We'll handle all the integrations, ensuring your GRC platform plays nice with your other systems.
- **User Training:** We'll train your team, so they're fully equipped to use the new platform effectively.
- **Ongoing Support:** Our InfoSec team offers continuous support and updates to keep your GRC system running like a well-oiled machine.

## Streamline Your Compliance Journey

With INT as your GRC implementation partner, managing compliance becomes more about strategic alignment than juggling tools. Our aim is to equip your organization with a robust GRC platform that simplifies governance and risk management, ensuring your InfoSec program operates at peak performance. Let's work together to turn your GRC into a powerful asset for your organization.

**Fun Fact:** Implementing a GRC platform may reduce auditor fees.
