

InfoSec Program Implementation

Achieving SOC 2 or ISO 27001 compliance is more than a report or certification; it's a critical step in protecting your business and client data. At INT, we make the compliance journey smooth, efficient, and tailored to your unique needs. Our InfoSec Compliance Implementation service uses the blueprint from the Discovery offering process to implement effective improvements and help you achieve compliance with confidence.

Customized Security Enhancements

Our team focuses on building a security foundation designed for your business, incorporating the latest InfoSec best practices to meet compliance standards.

What to Expect from Our InfoSec Program Implementation Service:

Policies Built to Last: From password protocols to data retention, we'll develop policies that create a reliable, lasting security foundation, all tailored to fit your business.

Comprehensive Risk Register: We identify, document, and prioritize risks to keep your team aware and prepared, providing a clear roadmap for managing potential security challenges.

Regular Access Reviews: We establish a process for consistent access reviews, ensuring that only the right people have access to sensitive data and systems, reducing the risk of insider threats.

Vendor Security Reviews: Our team will help you assess and manage third-party security risks, reviewing vendor practices to keep your compliance goals on track.

Clear Evidence for Control Compliance: We collect and organize the necessary documentation to satisfy compliance controls, making sure your evidence is audit-ready and meets SOC 2 or ISO 27001 requirements.

Bringing Compliance to Life

Ready to turn your compliance blueprint into reality? INT will implement every component necessary, from robust password policies to effective data retention strategies and smooth offboarding processes that tie up every loose end. And we're with you at every stage—this isn't a one-and-done approach. We're here to troubleshoot, refine, and adjust as needed to keep your compliance efforts strong and effective. Let us handle the complexities, so you can focus on running your business securely and with peace of mind.
